The Prescription Drug Monitoring Program has empowered health care professionals in Wisconsin by giving them access to information needed to reduce the abuse and diversion of prescription drugs while still providing prescription medication in a responsible way to patients that need it.

- Governor Scott Walker

Notes:

- * The percentages are based on the professions of the 1,000 prescribers who prescribed the most monitored prescription drugs.
- ** The 2013 U.S. Census estimated population of Wisconsin is 5,742,713. (<http://quickfacts.census.gov/qfd/states/55000.html>)
- *** The 2011 County population data used is from the Wisconsin Department of Health Services. (<http://www.dhs.wisconsin.gov/population>)
